

Hello!

Thank you for being a subscriber to FutureFlyingSaucers!

These printable Weekly Bible Reading Logs were created with you in mind. These can be used by parents and children's ministry workers.

This is how I have used these reading logs:

I notified the parents of my church kids, through our Facebook group, that I would be sending home a Bible Reading Log. I explained to them what their children would be doing. I also told them that if a child read the Bible, documented everything, received the signatures, AND brought the log back to me, then they could add their name to my Bible Reading Stars board outside my Bible Teaching room.

I teach K-6<sup>th</sup> grade children. So I printed out the first two pages and then copied them to hand to the kids. I print out new copies each week.

**Please remember copyright laws.** You have permission to print and use these Reading Logs in your home, co-op, or church. These are free to subscribers only. Encourage your friends to subscribe so they can receive their own copy. You can send them this link:
